

## REMARKS

Claims 1-20 are pending in this application.

The Office Action dated April 25, 2005, has been received and carefully reviewed. In that Office Action, it was indicated that claims 5-20 were allowed, and Applicant wishes to thank the examiner for this early indication of allowable subject matter. Claims 3 and 4 were objected to as being dependent upon a rejected base claim but are indicated to be allowable if amended to include the limitations of their base claims. Claims 1 and 2 were rejected under 35 U.S.C. 102(b) as being anticipated by White. Reconsideration and allowance of rejected claims 1-4 is respectfully requested in view of the above amendment and following remarks.

Claim 1 stands rejected under 35 U.S.C. 102(b) as being anticipated by White. By the above amendment, claim 1 has been amended to positively recite a plurality of substrate accommodating trays stacked vertically and requires a plurality of support pins each having a length sufficient to be vertically inserted through the plurality of substrate accommodating trays. White shows a processing chamber that includes a floor for holding a substrate, but does not show a plurality of substrate accommodating trays stacked vertically as now claimed. Because White does not include any element corresponding to a plurality of substrate accommodating trays stacked vertically, claim 1 is submitted to be allowable over White.

Claims 2-4 depend from claim 1 and are submitted to be allowable for the same reasons as claim 1.

## CONCLUSION

Each issue raised in the Office Action dated April 25, 2005, has been addressed, and it is believed that claims 1-20 are in condition for allowance. Claims 5-20 have been allowed, and reconsideration and allowance of claims 1-4 is earnestly solicited.
